

Streamline your back office...

You-Grow looks to give you the right outsourced solution for your organisation; we look forward to plan an easy and efficient tender process to foresee the right levels of service you require. We understand how important it is to have a streamlined process between organisation and outsourcer, and we have the technology to make it more cost effective.

You-Grow's online technology delivers data that is 100% transparent and accurate and with 24/7 access you won't have to turn round to your client without an answer. Our software provides contractor breakdown margins, particularly important to organisations working with the NHS and education sectors.

Other key benefits....

- Online Margin reports
- Contractor & Employer access levels
- Assignment Management
- Holiday Management reports
- Efficient IT infrastructure
- Professional Help & Support
