

Fully Managed

We understand that running a temporary recruitment business is hard work, you need to manage your vacancies, your workers, your consultants ... oh yes and you need to make sure that the signed timesheets come in, the workers get paid (and that you've got the money to pay them....) correctly (on time), the sales invoices go out to your customers (with copy timesheets attached), the VAT, The PAYE, the P45s, the P46s.... the list is endless.

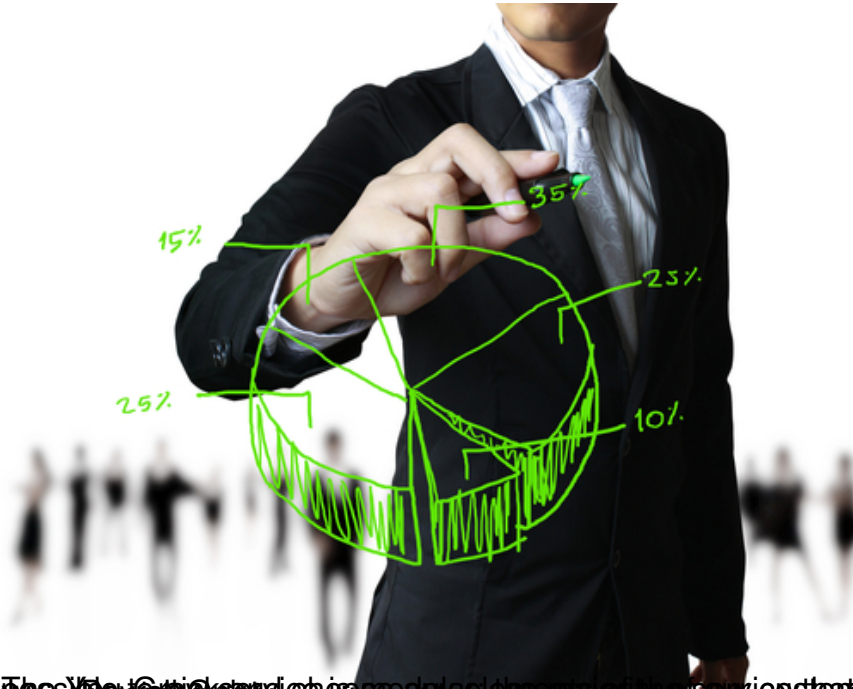

Wouldn't it be great if all you had to do was go on line, fill in the hours that people have worked each week, push a button and relax.....? Well now – with just a tiny bit of extra work – you can.
